

Grade Ten Overview

Classroom Structure:

King's High School is on a block schedule which includes four daily classes that meet for 75 minutes, completing one course in two nine-week semesters, or one term. One block of 50 minutes over the entire school year (except Chapel days) meets at the beginning of each school day. Students take nine or ten classes per year. The school day runs from 8:10 a.m. to 3:00 p.m.

Spiritual Life

- **Chapel:** Christian living, youth culture, lifestyle issues and practical applications of Biblical truth to daily living are emphasized.
- **Bible Studies:** Our weekly Bible study called "The River," meets on Wednesday mornings at 7:00 a.m. in the Music Hall. All high school students are invited to come and pray for King's, encourage each other in faith, listen and share testimonies and worship God in song.
- **Christian Service:** Annual service projects of 40 hours per year are completed by each student as part of the Bible curriculum. In lieu of the service project, students have the option of taking a final exam.

Academic Life

- **Bible:** Foundations of the Christian faith from the Pentateuch and Wisdom Books are covered with an emphasis on the Messianic foreshadowing of Jesus.
- **English:** Literature from around the world is the foundation of this class. Literary analysis, persuasive writing, responsible research, academic vocabulary, and standard grammar are emphasized. Honors Language and Literature is also offered to prepare students for AP courses in grades 11 and 12.
- **Mathematics:** Algebra I must be completed and then Geometry is the regular, college bound math course. Intermediate Algebra II is for students who have completed Algebra I and Geometry and need to take more math, but don't feel they are ready for regular Algebra II. Algebra II is for students who have completed Algebra I and Geometry, but are not part of the honors program. Honors Algebra II/Trigonometry may be taken by students who have completed Honors Geometry with an A or a strong B and a teacher recommendation. Students who have completed Honors Algebra II can take Precalculus.
- **History:** World History is taught by looking at the big themes of history from Pre-History up to and through the Cold War. Honors World History and AP World History are also available by application.
- **Science:** Sophomore Chemistry introduces the foundational discipline of Inorganic Chemistry. Honors Chemistry is offered by application and has math and science prerequisites.
- **Foreign Language:** Spanish should be started by grade 11 to fulfill the two-year foreign language graduation requirement.

Elective Options

- **BIBLE:** CS Lewis, Leadership, Revelation
- **ENGLISH:** Mock Trial Foundations, Mock Trial, FILM (Fundamentals of Interpreting the Language of Media)
