

KING'S SCHOOLS

Founded in 1950 King's Schools is an independent, interdenominational Christian school for students from preschool to grade 12. The campus is located in north Seattle on the beautiful 55-acre CRISTA campus. King's Schools has been recognized in the Seattle area for its commitment to academic excellence, Christian commitment, a strong, caring community and a rich heritage of alumni.

At King's Schools, we offer an impressive and challenging college-preparatory curriculum that includes honors and Advanced Placement classes, award winning athletics, a robust fine arts program, student activities, faith development and community service. We provide unique opportunities for all students to be inspired daily.

Kings Schools has been an accredited F-1 SEVIS Certified School Since 1984 and we issue I-20's for diploma-seeking (F-1) students. We are a multicultural community and have welcomed students from China, Korea, Brazil, Ethiopia, Vietnam, Taiwan, Spain, Japan, Australia, Mexico, Cambodia, Norway, Sweden, Canada, Thailand, Switzerland, and India.

As King's is a college preparatory school, your student will grow both in academic excellence and personal development. The International Department offers access to excellent tutors, and ELL support, individual technical support, academic and college advising, multi-cultural activities and several leadership and volunteer opportunities for students to excel not only in the classroom, but to make an impact in the broader community. Our commitment is to oversee each student's academic, personal and spiritual welfare and provide each student with individual overall support during their time at King's.

2021 International Student Success Story:

Being a King's student helped me prepared for college mentally because King's has a great environment that helped me build my confidence. The international resources at King's also helped me by providing personal help with both academic work and mental health support when I needed it.

*Yilin "Maggie" Song,
King's 2021 Graduate*

HOMESTAY

King's Schools does not offer or liaison homestays for international students; however, King's Schools may be able to provide inquiring families with names of agencies which students have previously used.

For more information, please contact Mary Hudon, International Program Director/DSO at King's Schools at mhudon@kingsschools.org

NOTE: Information provided does not constitute an endorsement nor is it an indication that said agencies have been vetted by King's. All families are strongly encouraged to vet and check references for any third party agencies and/or homestays.
