Our goal is to continue to provide students with a Christian Education of high value and priceless impact. Godly stewardship is of the utmost importance, and we thank you for your trust and partnership as we step into the future of King's Schools. Please see below for the breakdown of tuition and other costs for this school year.

HOW DOES VARIABLE TUITION WORK?

If a family is concerned about their ability to afford the highest tuition rate at King's, they are welcome to apply for Variable Tuition. Available to current and new families of students in kindergarten through grade 12, Variable Tuition considers income, assets, family size, and any unusual expenses or unique financial circumstances.

Applications are submitted directly to Clarity, a third-party agency. Clarity evaluates your application and makes a recommendation to King's School's Variable Tuition team. Your family's personal financial information will be kept private and is never viewed by King's employees. Clarity simply recommends a tuition pricing formula to the school. Variable Tuition is available to any deserving student on a first-come, first-served basis, governed by the resources the school has available to supplement Variable Tuition pricing. That said, King's works with as many families as possible to make the dream of a Christian education at King's Schools a reality.
