Academic Camps

► Outdoor Skills

Date: June 19-21

Time: 9:00am-12:00pm

Grades entering: 2nd-6th grade

Fee: \$215

Location: King's Elementary

Instructor: Mrs. JayDena Hart,

King's Elementary Teacher

Campers will practice outdoor skills such as knots and orienteering and enjoy camp crafts as they learn about the world around them. They will hike around campus making observations and then use the scientific method to conduct environmental science experiments. The goal is to build conclusions about how we can be better stewards of natural spaces God created.

► Fort Engineers

Date: June 19-21

Time: 1:00-4:00pm

Grades entering: 3rd-6th grade

Fee: \$215

Location: King's Elementary

Instructor: Mrs. JayDena Hart,

King's Elementary Teacher

Campers will learn about the engineering process then use maker space supplies to build huge forts. They will re-enforce them by experimenting with strong shapes. The final hour will arrive all too quick when the campers truly discover how well their forts hold up when they have an indoor snowball fight with paper! Each round will be based on the students' grade level.

► ABC's & 123's (Handwriting)

Date: June 24-28

Time: 9:00-10:30am

Grades entering: Kindergarten-1st grade

Fee: \$185

Location: King's Elementary

Instructor: Mrs. JayDena Hart, King's Elementary Teacher

Campers will play games and do multi-sensory activities to build stronger fine motor muscles as they practice writing their name, letters and numbers. Emphasis will be placed on grip, posture and other habits to build strong writers. They will explore several ABC and number themed books. This includes disposable materials and workbooks.

► Physics of Sound (STEAM)

Date: June 24-28

Time: 10:30am-12:00pm

Grades entering: K-2nd grade

Fee: \$215

Location: King's Elementary

Instructor: Mrs. JayDena Hart,

King's Elementary Teacher

Campers will use several experiments a day to discover the science of sound with musical instruments. They will learn about the scientific method and the engineering process as they build their own musical instruments.

► Farmland Phonics

Date: June 24-28

Time: 1:00-3:00pm

Grades entering: K-2nd grade

Fee: \$250

Location: King's Elementary

Instructor: Mrs. JayDena Hart,

King's Elementary Teacher

Campers will explore phonemic awareness through play to learn. This is for students who can read most cvc words and are ready for more. We will review the alphabet and practice blends and word families with a farm theme. We will create a journal and other crafts as we explore the sounds letters make!

► **Masters of the Brick Jr. (STEM)**

Date: July 8-12

Time: 9:00-12:00pm

Grades entering: 2nd -3rd grade

Fee: \$310

Location: King's Elementary

Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

Lego Jr. non-competition is designed for campers to use collaboration and cooperation to create their own camp experience by selecting self-guided builds. The daily themed builds are designed to learn group dynamics and cooperation. Teams will use iPads to record their scientific findings on some builds and use the engineering process on other builds.

► **Masters of the Brick- Season 2 (STEM)**

Date: July 8-12

Time: 1:00-4:00pm

Grades entering: 4th-6th grade

Fee: \$310

Location: King's Elementary

Instructor: Mrs. JayDena Hart, King's
Elementary Teacher

Lego Competition-Season 2 starts with different competitions and continues with new adventures. Campers will use the engineering process. They will have a few timed builds that will have to endure scientific tests that the group designs themselves. Some builds will be meant to be smashed. Then teams that record their findings, with iPads, will earn even more points. Of course, the competition might just be too close to call in our version.

► **Lego Stories (STEM/Literacy)**

Date: July 15-19

Time: 9:00am-Noon

Grades entering: K-3rd grade

Fee: \$310

Location: King's Elementary

Instructor: Mrs. JayDena Hart, King's
Elementary Teacher

Campers will create a story with their favorite Lego genre. Maybe in the city, country or far away fantasy land. They will use iPads to record their stories and revise them during the week. They will use the writing

process to create a story that they will edit and revise as their story grows. A final copy will be sent home digitally.

► **Lego Sci Fi Stories (STEM/Literacy)**

Date: July 15-19

Time: 1:00-4:00pm

Grades entering: 4th -6th grade

Fee: \$310

Location: King's Elementary

Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

Build a fantasy land with your friends and record the story as a video. Campers will use the writing process to build upon their stories with in collaboration with their group and feedback from their peers. A final copy will be sent digitally.

► **Spanish Immersion Camp**

Date: July 22-26

Time: 9:30-11:30am

Grades entering: Spanish Immersion 3rd-6th grade

Fee: \$310

Location: KES Room 5

Instructor: Ms. Sarah McKay, King's
Literacy Interventionist/ SI Teacher

Each day, students will engage with the Spanish language through games, activities and learning about different aspects of Hispanic cultures. Cultural topics include art, music, dance, literature/language, food, film, and history.

► **Pirate's Challenge (STEM)**

Date: July 22-26

Time: 9:00am-12:00pm

Grades entering: 1st -3rd grade

Fee: \$250

Location: King's Elementary

Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

Campers will learn how pirates sail the high seas as they use the scientific method to understand how waves travel in both the sea and air. We will learn about landforms as we make a map. They will use the engineering method as they build their own pirate tools. Some math review will be done to complete the activities.

► **Pirate's Sunken Treasure (STEM/Literacy)**

Date: July 22-26
Time: 1:00-4:00pm
Grades entering: 3rd -6th grade
Fee: \$250

Location: King's Elementary
Instructor: Mrs. JayDena Hart, King's
Elementary Teacher

Use the engineering process to create the best shovel and use your persuasive writing to prove your point. Campers will do daily STEM challenges that a pirate may have encountered. Pirate themed coding challenges and escape rooms will keep each camper busy on their voyage to find the treasure.

► **Camping Under the Stars (STEM)**

Date: July 29-August 2
Time: 9:00-10:30am
Grades entering: K-2nd grade
Fee: \$215

Location: King's Elementary
Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

Junior astronomers will explore the stars as they use the scientific method to do experiments as they pretend to study the stars. They will also learn about the moon phases, planets, and stars. Simple math will be reviewed as well.

► **Space Mission Control (STEM)**

Date: July 29-August 2
Time: 10:30am-12:30pm
Grades entering: 2nd -4th grade
Fee: \$250

Location: King's Elementary
Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

Are you ready for a mock space camp? Campers will pretend to be astronauts as they conduct space experiments such as growing plants in the dark and collecting moon samples. Campers will create a mission control station, space station and space shuttle from boxes as they send small groups into outer space. Math is reviewed.

► **Mission to Mars (STEM)**

Date: July 29-August 2
Time: 1:00-4:00pm
Grades entering: 4th -6th grade
Fee: \$275

Location: King's Elementary
Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

Campers will plan for a mission to mars including all the logistics. They will receive a quick math review to calculate measurements. Campers will practice the engineering process and build the tools they need for each experiment. Taking off to the Mars colony will be blast!

► **The Shopping Network (Math)**

Date: August 5-9
Time: 9:00-10:30am
Grades entering: 2nd-4th Grade
Fee: \$185

Location: King's Elementary
Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

Campers will explore addition and subtraction concepts by creating a homemade store. They will write receipts and stock shelves in a dramatic play environment. This play to learn approach will help students understand the reasons why math is so important and act out story problems as they read them. We will see how bar graph models can help solve story problems as well.

► **The Baker's Dozen (Math)**

Date: August 5-9
Time: 10:30am-12:30pm
Grades entering: 2nd -6th grade
Fee: \$215

Location: King's Elementary
Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

We will explore hands on activities to help students understand multiplication and division concepts with a bakery theme. Students will practice math facts daily with games and show their progress with fun ways to overcome the timed math fact quiz.

▶ **A Piece of the Pie (Fractions)**

Date: August 5-9
Time: 1:00-4:00pm
Grades entering: 3rd-6th grade
Fee: \$250
Location: King's Elementary
Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

Fractions, percents, decimals and ratios.... Oh my! Campers will have hands-on experiences at a faux Pizzeria that will help students understand more complex math concepts. Campers will add, subtract, multiply and divide parts of a whole in various formats. Disposable materials will be provided with a pizza party at the end.

▶ **Mrs. Bindergarten Goes to Kindergarten**

Date: August 12-16
Time: 8:30-10:30am
Grades entering: K-1st grade
Fee: \$250
Location: King's Elementary
Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

Campers get ready for kindergarten by developing skills vital for kindergarten. They will explore books about school while building upon early literacy and math skills. They learn more about the campus and common classroom routines such as small groups instruction. This is for students already enrolled in Kindergarten at King's to help families iron out home to school routines. Disposable materials and workbooks included.

▶ **Post Office (Phonics Focused Literacy)**

Date: August 12-16
Time: 10:30am-12:30pm
Grades entering: 1st -3rd grade
Fee: \$215
Location: King's Elementary
Instructor: Mrs. JayDena Hart,
King's Elementary Teacher

Campers will have an opportunity to practice phonetic awareness with hands on activities and use fun ways to remember letter sounds, making words and building sentences. Play to learn experiences such as creating mail to send to grandma, moving

letters, sensory bins and dramatic play.

▶ **The Artistic Science of Nature (STEAM)**

Date: August 12-15
Time: 1:00-4:00pm
Grades entering: 3rd -6th grade
Fee: \$350
Location: Art Annex
Instructor: Mrs. Beeman &
Mrs. Hart, King's Elementary
Teachers

Seeing art through the goggles of nature, campers will experience a variety of art materials and methods. They will explore the scientific method on nature walks throughout the natural areas on campus to understand the world around them.

▶ **Mock Trial Camp**

Date: July 29-August 2
Time: 9:00am-12:00pm
Grades entering: 6th-8th grade
Fee: \$125
Location: King's High School
Learning Commons
Instructor: Mrs. Aimee Chew,
King's High School Teacher &
current KHS Mock Trial Students

Mock Trial is a unique camp that strengthens camper's abilities for public speaking and critical thinking, while improving interpersonal skills. Campers will also be exposed to High School Mock Trial while working directly with the students currently on the Mock Trial Team.

► Chess Camp

Date: June 24-28
 Time: 10:00am-12:00pm
 Grades entering: 1st-6th grade
 Fee: \$175
 Location: King's Elementary Library
 Instructor: Matt Fleury, professional chess coach, highly ranked United States Chess Foundation coach

Learn the game! The benefits of knowing and playing chess are many: increased math skills, concentration, memory, and problem solving skills to name a few!

► Jungle Art

Date: July 22-26
 Time: 9:00-12:00pm
 Grades entering: 2nd-5th grade
 Fee: \$310
 Location: Art Annex
 Instructor: Mrs. Tauryn Beeman, King's Elementary Art Teacher

Join our Elementary Art Teacher Mrs. Beeman for a creative tour of many things Jungle, Rainforest & Tropical! We will complete take-home projects with paint, watercolor, recycled materials, collage and more. We will consider the color, sounds & other sites of the Jungle/Tropical landscape, including famous artists who have lived in or visited those settings for their art. Please bring a nut-free snack and share info of other medical/allergy needs ahead.

► Unicorns, Fairytales, Friendships & Facepainting

Date: July 29-August 1
 Time: 9:30am-12:00pm
 Grades entering: Kindergarten-3rd grade
 Fee: \$355
 Location: Art Annex
 Instructor: Mrs. Kelly Hughes (AKA Miss Kelly) Artist, Writer, Teacher and owner of Tangerine Tales.

Let your child immerse themselves into the world of fairytales as we learn lessons of kindness and friendships. Let your child create with their new friends where they will be inspired to use their imagination. Your child will get costume visits and face paintings from Fairy Godmother (AKA Miss Kelly) and take-home dazzling projects. This camp is sure to have a happy ending! Please bring: Oversized shirt for a smock, favorite stuffed animal, and story book. Each day bring a snack and water bottle. We are nut free. Let us know of any allergies.

► Creative Canvas Painting with an Up-cycled Twist

Date: July 29-Aug 1
 Time: 1:00-4:00pm
 Grades entering: 1st-6th grade
 Fee: \$355
 Location: Art Annex
 Instructor: Mrs. Kelly Hughes (AKA Miss Kelly) Artist, Writer, Teacher and owner of Tangerine Tales.

Please have your artist bring: Oversized shirt for a smock Each day bring a snack and water bottle. We are nut free. Let us know of any allergies. All the materials are included and the class will take home all visual projects. • Let your artist create amazing paintings on canvas with a twist. Of course, each artist will learn how to paint popular scenes step by step on canvas, strengthen their own brush, color, spacial skills and comprehend standard techniques; yet, here is the twist. They will also be using every day up-cycled objects (bubble wrap, lego block, fork, flower, brush etc.) as their painting tools. Don't be surprised if your artist takes a twist and turn throughout your home looking for unique tools to bring to camp. Each day we will complete a new paint project on canvas. Imagine your artist as they proudly display their own finished canvas art pieces.
