

INTERNATIONAL PROFILE

KING'S SCHOOLS

Founded in 1950 King's Schools is an independent, interdenominational Christian school for students from preschool to grade 12. The campus is located in north Seattle on the beautiful 55-acre CRISTA campus. King's Schools has been recognized in the Seattle area for its commitment to academic excellence, Christian commitment, a strong, caring community and a rich heritage of alumni.

At King's Schools, we offer an impressive and challenging college-preparatory curriculum that includes honors and Advanced Placement classes, award winning athletics, a robust fine arts program, student activities, faith development and community service. We provide unique opportunities for all students to be inspired daily.

Kings Schools has been an accredited F-1 SEVIS Certified School Since 1984 and we issue I-20's for diploma-seeking (F-1) students. We are a multicultural community and have welcomed students from China, Korea, Brazil, Ethiopia, Vietnam, Honduras, Taiwan, Spain, Japan, Australia, Mexico, Cambodia, Norway, Sweden, Canada, Thailand, Switzerland, and India.

As King's is a college preparatory school, your student will grow both in academic excellence and personal development. The International Department offers access to excellent tutors, and ELL support, individual technical support, academic and college advising, multi-cultural activities and several leadership, internship and volunteer opportunities for students to excel not only in the classroom, but to make an impact in the broader community. Our new boarding facility beginning 2025 will provide students in 9-12th grade with a place to call home. Our commitment is to oversee each student's academic, personal and spiritual welfare and provide each student with individual overall support during their time at King's.

NYU (New York University)		

2024 INTERNATIONAL STUDENT SUCCESS STORY

"I liked being a King's student in the international community because it helped me grow and was such a supportive environment. The international resources at King's also helped me by providing personal help with both academic work and emotional support when I needed it. I am on my way to NYU (New York University) to study Studio Art!"

Yumo "Ally" Gong is honored with the King's Schools International Student Inspiration Award for 2024
